

RATHER BE DIVING

We hope to bring you information about dive sites, Critters and our coming events, activities and specials. We are open to adding your insights to dives in Monterey as well as your pictures. Please feel free to send them to adssales@charter.net.

Diving Monterey

Most people think the winter is cold and weather is cold and usually aren't thinking about diving. However, this is the beginning of the best time to dive in Monterey. We have some of the best diving conditions from about November to April. The water is about the same temperature all year round at depth but we have some of the best visibility conditions of the year with up to 50 feet of clear water. Weather while gloomy and over-cast in the valley is often bright and sunny with temperatures up to 80 degrees in Monterey. This is also the season for the whales and dolphins. Come and dive Monterey. This is a great time to do your Advance Class.

Critter Corner

Yellow Long Nose Butterfly

These guys are territorial fish patrolling their patch of coral with the monogamous partner. The males protect their female and the females protect their food resources. They use their long noses with a strong beak to pick food out of crevices and coral heads. Their yellow body with a false eye at the tail helps in their defense against predators. We found these guys on our last trip to Bonaire. Come join us on the St. Lucia trip this next year and see some of these critter with us.

2018 Trip—Palau

Start saving for your 2018 by putting your reservation in for our 2018 Trip to Palau July 7-14 for \$1835 per person double occupancy. 7 nights 8 days 13 boat dives, breakfast, lunch on dive days, free nitrox. Dive the wrecks of World War II and the colorful fish of the pacific. Contact us for details or [click here](#).

This Month Special Surf Fur

Feeling cold after your dives? Wrap up in a Surf Fur jacket. These dive coats are reversible warm long length jackets with a hood. You can use them to change into dry clothes on the beach or dive site like a portable changing room. They are waterproof windproof fleece.

- ✓ Heat up before & after being in the water
- ✓ Maintain your bodyheat inbetween dives/sessions
- ✓ Reverse it to the dry side after changing
- ✓ Change out of wet gear easily

NEW ITEM

AquaLung Knives

We have two new knives in stock from AquaLung. One is a nice small BCD knife made out of 402 Stainless Steel the second knife is a new BCD size titanium knife. Come in and see our selection of knives. Having a knife is a must for divers and makes a good Christmas gift for that diver in your life.
